### Clothing to donate

We are looking for men's seasonal clothes. Practical women's clothing is also welcomed. People who are homeless often layer clothes and go through them quickly. Children's clothing is needed but adult clothing is needed more

Priorities are:

- **Rain Gear and Coats** – Large and extra-large sizes (even small men and women like to layer). Dark colors are preferred
- **Durable pants** – Large sizes are preferred; mostly men's sizes are needed; blue jeans are preferred over khakis
- **Sweatshirts, sweaters, long-sleeved shirts** – Large and extra large; dark colors preferred; hoodie sweatshirts are especially useful
- **Hats** – practical, knit and warm
- **Gloves** – dark colors
- **Shoes** – sizes Men's 9 and above especially; lightly worn sneakers, soft-soled shoes and work boots are preferred
- **Belts** – large sizes especially
- **Backpacks and old suitcases** – practical (very useful!)
- **Sleeping bags** – (like gold on the street!)
- **Blankets** – practical and durable
- **New Socks** – *new* tube or athletic socks
- **New T-Shirts** – medium through extra-large, in good shape or new
- **New Underpants** – new, jockey style; sizes 32 to XXXXL; new women's briefs are welcome, too
- **Long underwear** – large sizes

New underwear and socks are especially needed. Please consider donating old (but in good clean condition) sleeping bags, backpacks, and coats, blankets that might be sitting in closets or garages. These are especially useful to homeless people.
